A Losar Greeting from His Eminence Choje Ayang Rinpoche

To all my dharma brothers and sisters, to all those connected with you and all beings, I send my greetings at Losar (Tibetan Water Dragon Year). I pray that your dharma practice and your worldly activities with pure motivation are successful to benefit all beings. And I pray all of us together achieve the state of enlightenment and reach the Pure Land of Buddha Amitabha.

We are all aware of the Amitabha Foundation's main objectives:

- To recognize buddha nature and to benefit all beings through dharma practice.
- To create the Amitabha Foundation centers around the world a place of solace, bringing together people from all walks of life to make this world a better and peaceful place.
- To practice together regularly and support the maintenance of Amitabha Foundation centers through membership and donations.
- To make successful and realise the different social, religious and charitable projects and activities of Amitabha Foundation for the wellbeing of others, through fundraising.

I request all our members to work and put more effort to fulfil our objectives for which I founded the Amitabha Foundation. The constant news of chaos and suffering all over the world should be an inspiration to practice dharma with enthusiasm and pure motivation.

Wish you all a good year and meaningful life.

His Eminence Choeje Ayang Rinpoche
